HELP THE HOMELESS

WHAT IS THE INTERMOUNTAIN HUMANE SOCIETY?

The Intermountain Humane Society (IMHS) has provided safe haven to abandoned & unwanted animals in Jefferson & Park Counties for over 20 years.

Through the collaborative efforts of staff, volunteers, veterinarians, animal control officers & local businesses, IMHS has found new homes for over 4,500 animals & helped reunite thousands of lost pets with their owners.

In 2002, IMHS expanded our business office to provide shelter for cats, while our dogs remain housed in foster homes. Our small facility allows volunteer veterinarians to provide sterilization & other care at our facility. IMHS still needs more capacity to meet the community needs.

For that reason, we are coordinating with the county & other agencies in the Mount Evans Regional Animal Center Initiative, with the goal of building an appropriately sized permanent animal shelter.

Please take a few moments to consider how you can help IMHS's efforts to save unwanted pets, prevent pet overpopulation, promote humane care & support emergency preparedness.

Your contribution of funds, resources & volunteer time will make a difference!

THIS IS HOW YOUR DONATION HELPS ANIMALS IN NEED:

- Placing an estimated 450 animals in new homes in 2003, compared to 300 in 2002 & 200 in 2001
- Helping prevent over-population with animal sterilization programs
- Reuniting over 300 pets with their human companions in 2003
- Providing life-saving medical care to injured, strays & wildlife
- Microchipping all adopted animals to ensure a safe return if lost
- Recruiting & training volunteers for various programs to assist both animals and people.

- Placing animals in foster homes

COMMUNITY INVOLVEMENT

- With our Spay/Neuter Assistance Voucher Program, IMHS provides education & support to people in the community unable to afford pet sterilization.
- IMHS is actively involved in community emergency preparedness planning & response programs. During multiple disasters in 2003, IMHS provided evacuation support for county animal control officers, veterinary care, sheltering & helped disseminate accurate information to the public.
